PROFESSIONAL PROFILE

A results-driven Computer Engineer and fresh graduate 2025 with a strong foundation in both technical development and user-centered design. Experienced in full-stack development , technical support, and applying strong UI/UX principles to build functional and intuitive applications. Always ready for new projects and seeking roles that leverage skills in programming, system design, and problem-solving.

TECHNICAL SKILLS

Category	Skills & Tools
Programming Languages	Kotlin, Python, Java, C#, HTML, CSS, JavaScript
Databases	SQL, MySQL, Room
Development Tools	Git/Version Control, Figma , Prototyping , Wireframing
Operating Systems	Windows, Linux, MacOS
Design	UI/UX Design , Visual Design , Responsive Design , Graphic Design

EDUCATION & CERTIFICATIONS

Bachelor of Science in Computer Engineering Kampala International University 2020 – 2025 **CGPA 3.8**

Google UX Design Professional Certificate By Google 2024

DEVELOPMENT & DESIGN EXPERIENCE

Web / Mobile App Developer

MacZ | Mbarara, Bushenyi Jan 2022 – Present

- Executed full-stack development for web and mobile applications, focusing on robust coding, debugging, and system integration.
- Managed database design and implementation for various projects, ensuring data integrity and efficient retrieval.
- Collaborated with the design team to ensure technical feasibility of UI/UX requirements.

UI / UX Designer

Macz | Mbarara, Bushenyi Jan 2023 – Present

- Specialized in User Experience Design (UX), developing wireframes, prototypes, and responsive designs for applications.
- Applied Visual design and Typography principles to deliver high-fidelity designs using Figma.

Graphics Designer

Macz | Mbarara, Bushenyi 2021

- Created various graphics for marketing and application interface.

Freelancing

2017 – 2020

- Provided various technology and design services on a freelance basis.

KEY PROJECTS

- **Facial Recognition Attendance System:** Developed an AI solution using **Python** for automated attendance tracking, demonstrating skills in Machine Learning and process automation.
 - **Nyumba Mobile Application:** Participated in the **mobile application development** lifecycle, focusing on front-end functionality, database connectivity (**SQL/MySQL**), and enhancing the user journey through design.
-

LANGUAGES

- English
 - Kiswahili
